

ONE OF INDICTED LEADERS ESCAPES

JERRY HORAN GIVES FIFTY DOLLAR BOND AND GETS RELEASE

Was Charged With Murder in Connection With Killing of Police—Chief Fitzmorris and Judge David Clash—Mayor Thompson Says That He is Going to Stop Crime

(By The Associated Press)

CHICAGO, May 12.—The escape of one of the eight labor leaders indicted on charges of murder in connection with bomb and gun terrorism and rumors that confessions had been obtained from several of the scores of persons still being held by the police marked today's investigation of recent lawless outbreaks which have been blamed on labor warfare in the building trades.

The sudden departure from the police ken of "Jerry" Horan, indicted with Fred Mader, president of the Building & Trades Council, "Big Tim" Murphy, and Cornelius "Con" Shea, was first noted when the indictments were returned this morning.

Not knowing of the more serious charges pending against Horan, the policemen had booked him on a disorderly charge and he was later freed on \$50 bonds. His absence was not discovered until he failed to appear in court.

The admissions obtained from prisoners, according to police, directly involved three men in the slaying of two patrolmen and the wounding of a third by bombers early Tuesday.

In the more than 150 persons taken into custody Wednesday, the majority have been released because of the lack of evidence. Others obtained their liberty or writs of habeas corpus. The action of Judge avid in taking two prisoners from the custody of the police and turning them over to the sheriff precipitated a clash between the judge and Chief of Police Fitzmorris who accused the judge of hampering him in his efforts to wipe out lawlessness. The judge upbraided the chief as having "no respect for law, order or the constitution."

Chief Fitzmorris was assaulted in damage suits for \$50,000 each filed today by Melville L. Thompson an attorney on behalf of himself and four others caught in the raids on the building trades council headquarters. The suits according to Thompson are based on false arrest and imprisonment. A reward impetuous was given the inquiry on the arrival from New York of Mayor Thompson.

"I am not going to talk," he declared. "I'm going to do something. This reign of the Camoros of organized crime in Chicago must end. Late tonight the police announced that they had found what they believed to be a bomb factory used by a gangster terrorist. A man declared to be a notorious gangster was arrested.

"Efforts were made several months ago to settle the dispute," declared Mr. Hudnall. "The management of the White Sox team sent a check to Mr. Felsch. Six months later they received a letter that the check had not arrived. The check apparently had been lost so they mailed a second check. Mr. Felsch returned it."

Two more suits, those of Risberg and Jackson, were filed by Attorney Ray Cannon, representing Felsch, in the court today.

The Chicago club is incorporated in Wisconsin, it is not necessary to secure personal service of the summons on Comiskey and his son, also named in the suits, but the papers were sent to the secretary of state.

"We have not revealed all we know," declared Cannon tonight. "We have evidence which will stun the baseball world and shake organized league baseball to its very foundations."

Commo also attacked statements attributed in the press to Judge K. M. Landis, high commissioner of baseball, who was reported to have remarked that "no one would pay much attention to what Felsch has to say."

"I should have thought it would have been more in keeping with his duties as commissioner of baseball to have withheld statements until he had time to give careful consideration to what Mr. Felsch has said."

"I am frank to say that the first impression gained about this suit is that it is a revengeful player trying to 'get' a club owner. Several months ago Mr. Felsch and I made an effort to settle this controversy without court action. I was referred by Comiskey to their attorney, Mr. Austrian, who in turn referred me back to Mr. Comiskey. After that we were referred to Judge Landis, then back to Comiskey, then back to the attorneys again. What other men could Felsch resort to but a court action?"

CHARGES AGAINST GOVERNOR SMALL FLATLY REFUTED

LeForge in four Hour Address Outlines Defense

(By The Associated Press)

WAUKESHA, Ill., May 12.—In a vigorous statement to the jury today Charles C. LeForge of Decatur, chief of counsel for Governor Small, defied the prosecution to prove any of the charges on which it bases its case against the governor on trial as a conspirator to defraud the state treasury.

In his four hour statement Mr. LeForge met definitely and squarely the charges against the governor, denied that any conspiracy ever existed and emphatically declared that the "Grant Park Bank," alleged fake and phantom institution, actually existed during Governor Small's term as state treasurer and served as a bona fide depository for \$10,000,000 in state funds.

Mr. LeForge asserted that the "safe fund" by which the prosecution charges Governor Small, Lieutenant Governor Fred E. Sterling, Vernon Curtis and the late Senator Edward C. Curtis, diverted interest earnings on public funds the governor and Mr. Sterling, during their terms as state treasurer actually turned over to the state \$700,000 in interest.

Attorney General Goff after adoption of the resolution said he could not comment on it until he had received a copy but from other department officials it was learned that while no plans had been taken to prevent the merger, an investigation would follow.

These officials had the department had not had time to investigate.

Federal trade officials said in accordance with the senate resolution an investigation of the proposed resolution would be undertaken immediately.

That the system of handling public funds during the Small and Sterling terms was the same system which has been in vogue for 20 years.

That the Grant Park Bank offered securities as good or better than approximately 400 other banks in the state funds were were deposited and paid the prevailing rate of interest of two per cent or more.

That if it is true, as charged, that an excess of two per cent interest was collected by the Grant Park Bank, the excess was never the property of the state which consequently could not be the victim of the alleged conspiracy.

That the jury may consider its contemplation of the evidence the high position occupied by Governor Small, sole defendant in the case now before the Lake county circuit court for trial.

First Line of Defense.

Mr. LeForge in his statement indicated that the first line of the defense has been laid behind the strictest interpretation of law rather than definitely drawn by the case.

With the lines or the pending legal battle over the question of Governor Small's guilt or innocence definitely drawn by the opening statements of State's Attorney Mortimer yesterday and Mr. LeForge today, the prosecution is expected to put its first witnesses on the stand when court convenes for the fourth week of the trial next Monday.

Judge Edwards adjourned court for the day shortly after Mr. LeForge completed his statement.

Prefacing his denial of all charges against the government and his co-defendants in the other pending cases, Mr. LeForge reiterated the humble beginning of Len Small's career on a little farm in Kankakee county, his early life as a milk man and grader on a railroad right-of-way, his public life and long intimate association with the late Senator Curtis in social and banking circles.

The attorney then spent the greater part of the four hours in attempting to undermine the efforts made by the police to obtain his freedom on a writ of habeas corpus.

A brother of "Big Tim" Murphy, believed to be James Murphy, an old companion of the latter, was taken into custody late tonight.

Two threatening letters were received by assistant State's Attorneys who have been investigating the case. The letters threatened death to the attorneys and Chief Fitzmorris and were signed "A Bomber."

"If there is one labor man in jail Saturday when the sun sets, fires in every corner and section of Chicago are going to start simultaneously," one letter read.

"We only trust that it will be a windy night. Then you will see the people rise. Then there will be a day of accounting for the working people."

Mr. C. I. Glenn and Miss Dorothy Sargent were among Franklin residents who drove to the city Friday.

PROBE ORDERED BY SENATE OF STEEL MERGER

Offered in Resolution Which Was Presented by LaFollette

(By The Associated Press)

WASHINGTON, May 12.—An order from the senate to the department and the federal trade commission to make an investigation followed today upon the announcement in New York yesterday of the purchase of the Lackawanna Steel company by the Bethlehem steel corporation and upon reports recently circulated of a prospective merger of six large independent steel companies.

The order embodied in a resolution offered by Senator LaFollette and adopted with little discussion for an address by him directed both federal agents to inform the senate what steps have been taken or opposed to ascertain the probable effects of the merger and what action had been instituted "to protect the public interests."

The department of justice was further requested to advise the senate if proceedings under the Sherman and Clayton acts to restrain the combination were admissible.

Attorney General Goff after adoption of the resolution said he could not comment on it until he had received a copy but from other department officials it was learned that while no plans had been taken to prevent the merger, an investigation would follow.

These officials had the department had not had time to investigate.

RUSSIAN PROBLEM MUST HAVE MORE EXHAUSTIVE STUDY

Little Probability of Agreement at Genoa Conference

(By The Associated Press)

NORFOLK, W. Va., May 12.—The shock of a twenty ton meteor which crashed to the ground in an isolated spot in Nottoway county, 12 miles northwest of Blackstone last night was felt for a radius of 50 miles while the brilliant glare of the incandescent body illuminated the heavens over Southern Virginia and sections of North Carolina. The trail of light as the meteor fell in a slow curve from the zenith at an angle of about 45 degrees was visible in this city, Richmond and at points along the James River.

The meteor composed of a metallic substance, crashed into a grove of oak trees with an explosive roar some distance from any house making a hole with an area of 500 square feet and burying several trees. Flames immediately shot up which were visible for many miles while trees caught fire.

Scientists and newspapermen immediately left Richmond and this city for the scene which is 120 miles west of Norfolk.

ASK QUESTION OF MICHAEL COLLINS

(By The Associated Press)

DUBLIN, May 12.—Michael Collins, head of the Irish provisional government today received a deputation from the Protestant synod asking assurance as to whether the government desired that Protestants should stay in Ireland or leave the country. Mr. Collins assured them on the part of the present or any succeeding government that the government would protect Irish citizens and insure civil and religious liberty. He said spoliation and confiscation would not be countenanced.

The French recent accusations that they tried to wreck the conference; they assert that the present situation justifies their view that the Russian problem has not been sufficiently studied and that something more should have been done to approximate the views of the Russians with the representatives of non-communist states before hoping to reach a general sweeping accord at Genoa. In other words they believe that the Russian problem thru investigation by a commission which will probably visit Russia is being attacked now in the proper and legal manner.

The interest in the Jacksonville chamber of commerce is shown by the large number of ballots cast in the primary election. Two hundred or more of the members of the organization went to the trouble of choosing 12 candidates for members of the board of directors. Scores of these ballots were delivered at the Chamber of Commerce headquarters yesterday. No matter who are chosen directors, it is a healthy thing to have so large a part of the membership voting on the selection.

The newspapers of the country which print all the available evidence in the Stillman divorce case taken on at the same time a huge amount of responsibility. The circulation of such matter in connection with people of great wealth can do an untold amount of damage to younger readers. A postal department order denying the mails to papers using no discretion in this matter would be an effective way to bring to pass some needed reform in newspaper methods.

EXHIBITION OF WORK BY PUBLIC SCHOOLS

CHILDREN'S RECITALS TO BE GIVEN AT L. W. C.

Specimens of What Has Been Accomplished by the Pupils of the City Displayed for Inspection.

The annual exhibition of work by pupils of the public schools took place yesterday and was admired by many friends and parents and should have been seen by many more for it was certainly most worthy and creditable. There was so much to be seen anything like a detailed description is simply impossible. The writer went as far as his strength would permit and was delighted with the work shown at the various buildings of the city schools.

Days might be pleasantly spent in the David Prince building seeing the results of the work done by the pupils there and even then some things would be overlooked. The great aim in all grades is to arouse a spirit of enthusiasm on the part of the pupils to inspire them to diligence and excellence and to make study pleasant, attractive and thorough. We are told that South America has many hills and mountains but when one sees a relief map, a far better idea is obtained of the topography of the country and when to that are added samples of the principal products of the various parts of the country the lesson becomes all the more valuable.

So, too, the various stages thru which cotton passes from the boll to the goods; the process of making different articles all come in for attention. We read about Japan but a miniature Japanese landscape with old Fujiama in the distance is an object lesson never to be forgotten.

In the David Prince building the domestic science and manual training are carried to a greater extent than elsewhere, and there the young Misses were busily engaged in preparing a meal such as would be suitable for an average family. The manual training here, too, is carried to a greater extent and many very creditable samples of work are exhibited, while the sewing done by the young ladies is particularly worthy of mention. In the ward buildings, manual training is prominent feature and some of the sewing done by the girls is really remarkable.

Of course, anything like individual mention is impossible, but some leading features will be noted. In the first place Superintendent Perrin wisely had each room in each building make its exhibit in its own quarters instead of assembling the work of a building in one room.

Show Writing Improvement.

In many instances improvement in writing was shown; a sample of the pupil's work done last September and one at present being shown on the same sheet indicating very worthy improvement in most cases. Arithmetic work was shown in various ways; while the ingenuity and originality of the pupils were shown in the way of special designing. Cut out animals were the work of the little folks, while drawing was on all sides. Some special features will also be mentioned. An imitation orchard orchard showed trees in bloom and producing fruit. Stories, "Mistresses Mary," "Billy Bobtail," were illustrated.

Show Writing Improvement.

Funeral services will be held for Miss Emma D. Drovish at the home of her parents, Mr. and Mrs. R. C. Washburn, 1357 South Clay Avenue this afternoon at 4 o'clock. J. F. Langdon of the Trinity Episcopal church of this city will officiate. The remains will be taken to Decatur on Sunday for burial.

Funeral services for Miss Lula Mae Stanley, will be conducted this afternoon from the Gillham Funeral Home at 2 o'clock. Rev. M. L. Pontius pastor of the Central Christian church will officiate. Interment will be made in Diamond Grove cemetery.

An Indian village; story of the "Three Bears" were well illustrated. The writer stopped before one remarkably well prepared miniature illustration of our central park and the business houses all about the square, the Ayers bank building looming up properly above the others.

A good many composition books showed that the original talent in writing our language had been well cultivated.

Skill in Map Making.

Several maps of the United States showing the crops peculiar to each locality were quite instructive. In several schools a miniature Maypole was shown in an artistic manner. Many note books in the higher grades were kept by various pupils. In one room were outlines of the lives of some of our great men. Many spelling books were shown. They were not the old style Webster nor the later McGuffey, but small blank books filled with columns of words spelled and marked and lots of them had "100" conspicuously noted on them and some with lower figures, but still very good.

There were many samples of posters showing much artistic ability in drawing and good judgment in choice of colors. Street scenes were well illustrated by figures cut out and drawings added.

One room had a unique feature in the way of a real garden. A large tin box was filled with black Illinois soil and in it were growing corn, tomatoes, onions and various other familiar garden pro-

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, stinging, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you know them by their olive color. Take one or two every night for a week and note the effect. 15c and 30c.

STILL CONSIDERING ALUMNI PAPER

Illinois College Alumni Association Sends Letter to Members on the Subject.

At the annual meeting of the Illinois College Alumni association in June the question of the publication of an alumni paper will be considered. The subject is discussed in a letter issued to members of the association by Alfred T. Capps, president, and Arthur D. Fairbank, secretary.

The letter indicates the steps that have already been taken to get the viewpoint of the alumni on this subject.

A committee appointed by the Illinois College Trustees at the December meeting, to consider the question of establishing an Alumni paper, met the evening of March 1st, at the home of Walter Bellatti. Pursuant to the resolutions of the trustees, the committee consisting of President C. H. Rammelkamp, W. G. Goebel and Walter Bellatti met with the following: A. T. Capps and A. D.

Fairbank informally representing the Alumni Association, R. I. Dunning informally representing the Alumni Fund Association, and J. G. Ames and W. T. Harmon representing the faculty of the college.

Many alumni papers from other institutions were examined and letters from several men dealing with the success of such publications were read. After a detailed discussion and careful consideration, it was resolved that if was the sense of the informal committee that an alumni publication should be established and that it should be published under the auspices of the Alumni Association, that it would probably be advisable and impracticable to distribute the paper free as a general practice, but that it should be financed by subscriptions or by a dues paying membership; that the best plan for initial financing is that the College be asked to guarantee a sum not to exceed two hundred dollars and that the alumni Fund Association be asked for half such sum towards putting the plan in operation.

This matter has been informally broached to various alumni and it has been heartily endorsed as a means of keeping the alumni and former students in a more vital touch with the college and with their former associates on the Hill.

The hearty support and cooperation of all alumni and former students is necessary for the success of such an undertaking. Your opinion and advice is solicited.

CHANGE OF LIFE WOMAN'S TRIAL

Proof That Lydia E. Pinkham's Vegetable Compound is of Great Help at This Period.

Metropolis, Illinois.—I have taken Lydia E. Pinkham's Vegetable Compound and it is all it claims to be and has benefited me wonderfully. I had been sick for eight months with a trouble which confined me to my bed and was only able to be up part of the time, when I was advised by a friend, Mrs. Smith, to try Lydia E. Pinkham's Vegetable Compound and Liver Pills. I was so much benefited by the use of these medicines that I was able to be up and about in two weeks. I was at the Change of Life when I began taking the medicines and I passed over that time without any trouble. Now I am hale and hearty, do all my housework, washing, ironing, scrubbing, and cooking, all there is to do about a house, and can walk two or three miles without getting too tired. I know of several of my neighbors who have been helped by your medicines.—Mrs. EMMA CULVER, 705 E. 7th St., Metropolis, Illinois.

PHI ALPHA FUND GROWS STEADILY

Members Hope to Reach \$2,000
Goal By Commencement Day.

More than \$1,600 has already been subscribed to a permanent fund by members of Phi Alpha society of Illinois college, and the expectation is that the total will be increased to \$2,000 by commencement day. The income from this permanent fund will be used to establish memorial memberships in the College Alumni Fund association for deceased members of Phi Alpha. The value of these memberships is placed at \$100 each and with the income from the \$2,000 fund it will be possible to purchase one of the memberships each year.

The matter was explained recently in a letter sent to members of the society, in part as follows:

"The idea originated with Professor Edward Capps, and at his instance a committee was appointed to put the idea into action and carry forward the work.

The impelling power of the idea and the purpose is evidenced by the way members have responded to the call of the old society, and as a result the fund is well along toward completion. From contributing past members there have been received six payments of \$100 each one of \$75, eleven of \$50 each, one of \$35, eleven of \$25 each, three of \$15 each, seven of \$10 each, seventeen of \$5 each. Liberty Bonds to the amount of \$1,600 have been turned over to the treasurer of the Alumni Fund association by the committee, and there are a few pledges outstanding, some of them not yet due.

"It is confidently expected to reach the \$2,000 goal before Commencement Day, June 14th next, and to that and this appeal is made. Four members who were among the early contributors have increased their original subscriptions by \$125, making \$275 in all. Probably a few others will also make increases, but in general the \$300 still unprovided for will come from members who have not yet joined in the undertaking. It is hoped that those who have not participated will see their way to unite with the other loyal members in assuring the success of the cause for which appeal is made.

"Remittance or pledges may be sent to A. C. Rice, Treasurer, at the Farmers State Bank and Trust Co., Jacksonville, Illinois."

MUSICAL PROGRAM FOR ROTARY CLUB

Misses Horsbrugh and Sapiro Heard at Weekly Luncheon
Dr. Parker Told of Trip to Coast—Committees Named for Year.

Rotarians at their weekly luncheon at the Pacific hotel Friday heard a most delightful musical program, given by Miss Horsbrugh, instructor in violin at the College of Music, with Miss Sapiro, also of the college faculty, as accompanist.

Dr. J. R. Parker made a brief informal talk, based on his recent visit to the coast. In the absence of Secretary Dial, who was out of the city, Dr. G. H. Kopperl served as secretary. Announcement was made of the standing committees for the year, as chosen by the directors. The personnel of the committees is indicated below. Other committees will be named from time to time as the work of the club makes advisable.

Col. O. C. Smith extended an invitation to the club to have luncheon at the School for the Deaf Friday, May 26, and it goes without saying that the invitation was accepted.

Committees Named

The guests of the day included Arthur Rehfeldt, St. Louis, guest of Dr. Charles M. Hopper, and Rev. George E. Stickney, guest of Eb Spink. Members of the committees are as follows:

WINCHESTER CARD CLUB ENTERTAINED

Mrs. W. D. Gibbs Is Hostess to Bridge Club Members Friday Afternoon — Other Winchester News Notes.

Winchester, May 12.—Mrs. W. D. Gibbs entertained the members of her bridge club Friday afternoon at her home here. The occasion was in honor of her sister-in-law, Mrs. Brown of Chicago, who is here for a brief visit. There were a few invited guests in addition to the club members and the hours were very pleasantly spent. Delicous refreshments were served.

Mrs. Lee Cunningham gave a college dance at Legion hall Thursday night. The hall was decorated with college pennants and was attractive. The large number of young people who attended found the evening a very pleasant one.

Mrs. William Babb and Mrs. Fletcher Hopper of Jacksonville were guests of Mrs. W. D. Gibbs Friday.

Mrs. M. L. Markillie of Kansas City is here for a visit with her sisters, the Misses Estes and other relatives.

Members of the Men's Bible class of the Christian church with their wives enjoyed a pleasant evening at the country home of Mr. and Mrs. John Keemer east of town recently.

James Tankersley who has been ill for an extended period, was a visitor in the business district Friday. His many friends glad to see him out again.

A special meeting was held at the Baptist church Thursday afternoon in the interest of the B. Y. P. U. Mr. Taylor of Alton and Mrs. Favoright of Danville and the principal speakers and the program was one which greatly increased interest in young people's work.

BEAVER CREEK IS ON RAMPAGE

(By The Associated Press)
BRISTOL, Va.—Tenn., May 12.—Beaver Creek overflowed its banks early tonight as the result of a cloudburst between here and Abingdon, Va. Soon after eight o'clock the water was running down several streets in the business section and the city hall was surrounded by water. Reports from Wyndale, Va., said the creek was falling there and it was believed the water would not mount much higher.

As the water rose rapidly in the streets merchants removed their goods from stores while police and firemen roared off the flooded area. Moore street was under one foot of water in places and residents of James Row were forced to quit their homes.

Health Expert Coming For Anti-Tuberculosis Association Annual Meeting — Association Does Many Things for Oak Lawn.

The Morgan County Anti-Tuberculosis Association is very much interested in the Sanatorium at Oak Lawn. Through the efforts of the Association religious services will be held each Sunday at the Sanatorium. The Association has provided a V-ray motion picture machine and motion pictures are a feature at the Sanatorium each week. The Anti-Tuberculosis League has taken the initiative in furnishing the rooms at the Sanatorium and the Committees are still at work. Aside from this service the Morgan County Anti-Tuberculosis Association provides medical examination for all of the children in the Josephine Milligan Open Air School. The Annual Meeting of the Association will be held in the near future. Dr. Evans of the Chicago Tribune will be the speaker.

**CHILDREN'S CONCERT
AT I. W. C. LAST NIGHT**

The first of the concerts in the spring festival by the children's department of the College of Music was given last night. A very large audience was present and the program, which has already been published was carried out. It was a program of an unusual character and afforded abundant proof of the excellence of the training given by Miss Belle Mehus, who is the head of the children's department.

Announcement of prizes for practice work done during the period from Feb. 4 to May 1 was made. In the sixth grade division the first prize was awarded to Ophelia Birdsell on a record of 108 hours and 10 minutes. In the freshman high school class the prize was won by Frances Kaule, with a practice record of 112 hours.

Other programs are to be given this morning and this afternoon.

Wilson Akers, who has for the past several years been engaged as principal of the high school at Paris, Mo., arrived in the city yesterday for a brief visit and to attend the interscholastic meet. Mr. Akers was accompanied here by Miss Ruby Petty, a teacher in the Paris school, and Misses Vivian Ball and Mary Margaret Wood, students.

Miss Ball is here to visit her sister, Miss Louise Ball at Academy Hall. It is the intention of the two young women to enroll as students at Illinois College next fall. Mr. Akers, following his graduation from Illinois College, was for a time employed on the news staff of the Journal, and has many friends in the city.

NEWS OF THE SPORT WORLD

CARPENTIER MAY MEET DEMPSEY

encounters with other men prior to the battle in Europe but a defeat for either of the heavyweights would result in the agreement being automatically cancelled.

Carpentier toasted Lewis whom he defeated Thursday. He called Lewis a "good sportsman."

Dempsey said Carpentier was the best man he ever encountered.

While Kearns included Paris as the possible scene for Dempsey's next bout with the Frenchman, the best informed followers of boxing in London believed London easily is the favorite for the contest. Last night's attendance at the Carpentier-Lewis fight which it is considered would not compare with the crowd Dempsey and Carpentier would attract was a revelation to Kearns. One promoter who declares he can guarantee £50,000 for a meeting between the American and French boxers has impressed Kearns with the financial possibilities of a fight at White City, where is situated the large stadium erected for the Olympic games of 1912. White City is an enormous exhibition grounds. The stadium was constructed to seat 70,000 persons. It is claimed that the seating accommodations could be increased to 107,000 at no great expense.

According to Kearns, he and Descamps decided to leave the promotion of the bout to the person giving the best terms for it. Neither Carpentier nor Dempsey is prohibited from engaging in

PHILLIES MAKE IT FOUR STRAIGHT

Timely hitting with erratic fielding by Cubs give visitors victory.

CHICAGO, May 12.—Erratic fielding coupled with bases on balls and timely hitting enabled Philadelphia to make a clean sweep of the series with Chicago by taking the final game today 7 to 4. The Cubs hit G. Smith hard but in only one inning were they able to bunch them. Home runs by Grimes and King featured.

FAMOUS PREAKNESS TAKE RACE TODAY

Will Run at Pimlico This Afternoon—Great Race is Looked For.

BALTIMORE, Md., May 12.—The climax of the spring racing season in Maryland for 1922 will be reached tomorrow with the running of that famous classic at Pimlico—the Preakness stakes. While there may be only a dozen contenders for the \$50,000 purse the coughing epidemic having caused a number of withdrawals there has been no decrease in interest.

Before Miss Joy was shipped from Kentucky the filly worked the Preakness distance, a mile and one-eighth in 1:51 2-5 with 125 pounds on her back. The report of this work has set the dopes to thinking and it is thought quite likely that the filly will go to the post tomorrow a favorite.

Hephaestus' splendid performance on Wednesday when he broke the track record at a mile and a sixteenth, has made him a host of friends. A great race is anticipated in any event.

The Preakness is carded as the fourth race and the horses will go to the post about 3:30 p. m., eastern standard time.

WASHINGTON WON FROM CLEVELAND

WASHINGTON, May 12.—Washington took the opening game of its series with Cleveland today, 5 to 4. Erickson was effective after the first inning although the unusually wild "Browers" homer with one on base in the fifth produced the winning margin.

Prior to the game there was a flag-raising in observance of National Hospital Day participated in by Secretary Denby and Major General John A. Lejeune, commanding of the marine corps. Wounded veterans of the world war were guests at the game.

All is in readiness for the seventh annual Illinois College Interscholastic meet and field which will be held on Illinois field beginning at 1 o'clock this afternoon.

Yesterday Coach Harmon and his corps of assistants were busy making ready for the big event.

The track was dragged again and it was in such fine condition after the rain of Thursday night that it was not necessary to roll it again.

The weather man promises fair and cool weather and this should be ideal conditions for the athletes and spectators as well. While the records of the Illinois interscholastic are the best of any minor college in the country and many are equal and better than some of the university records, it is expected that some may be clipped today.

The College Rambler has issued an elaborate program of the events. It contains the cuts of many of the championship teams of Illinois college. There also is much data of interest to visitors relative to the college and features which will make it a splendid souvenir for students to take home.

Several teams came in during the day Friday, among them Greenfield. The squad worked out on Illinois field in the afternoon. Carrollton, Roodhouse, White Hall and other teams also arrived Friday evening.

Coach Harmon has always been noted for promptness in pulling off the Interscholastic on time. The first event will be called promptly at 1 o'clock. This means one o'clock and any athlete slated for the first event would best be on hand else he will find that the event has been run without him. The list of officials for the day follow:
